ENROLLMENT

5. Q: How can members enroll in the Active&Fit Direct program?

A: Members may enroll by going to the Active&Fit Direct section of their employer/association/health plan website. From there, they can link over to the Active&Fit Direct website, register, and enroll. Members will pay an enrollment fee, the current month's fees, the next month's fees, and applicable taxes at enrollment. Fees will vary based on gym or studio selection. After a 2-month commitment, participation is month-to-month. Once enrolled, members may view or print their fitness card and take it to their selected gym or studio. The gym or studio will verify the member's enrollment and have them complete their membership agreement. The member will receive the fitness center's membership card or key tag and use it to check in on subsequent visits.

- 6. Q: Why can't a member enroll in the Active&Fit Direct program if the exact URL provided to them is typed in their web browser?**
- A:** Members must use the dedicated link found directly on their employer, association, or health plan page. Advise members to visit that page and click on the link, which contains a code that tells us they're eligible for the Active&Fit Direct program. This link cannot be copied and pasted, nor can it be typed into a web browser.
- 7. Q: Is there a minimum age requirement to enroll in the Active&Fit Direct program?**
- A:** Yes, members must be 18 years of age or older to enroll in the program.
- 8. Q: Once enrolled, when can a member start using their gym?**
- A:** A member has access to their fitness card as soon as they enroll on the website and can use it to go to the participating gym or studio right away.
- 9. Q: Can members pause their Active&Fit Direct enrollment and then resume at a later time?**
- A:** No, this option is not available at this time. Members would need to cancel their enrollment and then re-enroll when they are ready (this would require the member to pay their enrollment fee again).
- 10. Q: Does an Active&Fit Direct member get an Active&Fit Direct fitness card? If so, how is one obtained?**
- A:** Yes. The fitness card is available in the member's Active&Fit Direct account. Once enrolled, a member can print their fitness card or save it to their phone, and show it to the participating gym or studio.
- 11. Q: How does an Active&Fit Direct member cancel their enrollment?**
- A:** A member can cancel their enrollment on the Active&Fit Direct website after the 2-month enrollment period. However, the member may need to pay another enrollment fee if they cancel their membership and then enroll again at a later date. Members should refer to the Program and Website Terms and Conditions on the Active&Fit Direct website for more information.

SPOUSES/DOMESTIC PARTNERS

- 12. Q: How does an Active&Fit Direct member enroll their spouse/domestic partner?**
- A:** A member can enroll their spouse/domestic partner directly from their account. They must first be enrolled before they can enroll their spouse/domestic partner. The member will input their spouse's/domestic partner's information, and then be directed to select their fitness center. Once their fitness center is selected, the primary member will pay their spouse's/domestic partner's initial and monthly fees.
- 13. Q: Does a spouse/domestic partner get an Active&Fit Direct fitness card? If so, how is one obtained?**
- A:** Yes. Once the primary member enrolls their spouse/domestic partner in the Active&Fit Direct program, the spouse/domestic partner will receive an email to register their own account. From there, they will be able to view their fitness card, as well as access the on-demand workout videos, healthy living coaching (if offered), and online resources.
- 14. Q: If an Active&Fit Direct member cancels their membership, will the spouse's/domestic partner's membership also be canceled?**
- A:** Yes. The primary member would have to re-enroll in the Active&Fit Direct program in order for the spouse/domestic partner to be enrolled.

PAYMENT

- 15. Q: When are monthly payments charged?**
- A:** A recurring monthly fee plus applicable taxes is charged on the same date each month as their enrollment date, starting the month after they enroll. Each recurring monthly fee is a prepayment for the next month. Please note, if the member enrolls on the last day of the month, for example the 31st, their payment date will be the last day of each month.

16. Q: How do members read their invoice?

A: On the initial invoice, members will see one or more of the following descriptions. Not all line items will appear on each invoice:

Active&Fit Direct Program. This line represents features that are included with Active&Fit Direct including on-demand workout videos, activity tracking, etc. There is no additional charge for these features once you have a gym or studio membership.

Next Month's Fee. Fitness center memberships are billed one month in advance, so this line item shows the amount you are paying for next month. It includes applicable taxes.

Enrollment Fee. This line item shows that you have paid your initial enrollment fee, plus applicable taxes.

Current Month's Fee. This line item shows the amount you are paying for the current month's membership. It includes applicable taxes.

17. Q: Does a member ever have to pay a gym or studio directly to participate in the Active&Fit Direct program?

WELL-BEING COACHING

18. Q: What is the well-being coaching?

A: With well-being coaching, members can have one-on-one phone conversations with their own personal well-being coach at no additional cost. Our professional well-being coaches provide goal-oriented coaching in areas such as fitness, nutrition, and stress. The program is customized to help members set and reach their goals at their own pace.

19. Q: How can a member participate in coaching?

A: Once a member enrolls in the Active&Fit Direct program, they'll find the well-being coaching program details on their home page. The member simply schedules a kickoff coaching session by calling the provided phone number.

DAILY WORKOUT CLASSES

20. Q: Does a member need to be enrolled in the Active&Fit Direct program to access the daily workout classes on Facebook Live and YouTube?

A: No. These 30-minute classes, led by a certified instructor, are available to anyone interested. Classes are available anytime on Facebook and YouTube.

21. Q: Are the workout classes advanced or can beginners benefit too?

A: All fitness levels are welcome. Our instructors will demonstrate exercise modifications during classes when one is available.

FITNESS CENTERS

22. Q: What types of fitness centers are part of the Active&Fit Direct program?

A: Members can choose from 12,200+ standard gyms and 6,100+ premium exercise studios. Fitness centers range from your conventional health clubs to boutique exercise studios offering yoga, cycling, Pilates, and more. These include coed and gender-specific fitness centers. Fitness centers, amenities, and classes vary by location.

23. Q: What is the difference between standard and premium gyms and studios?

A: The main difference between the standard and premium gyms and studios is the monthly fees. Gyms in the standard network cost \$28 a month, plus a \$28 enrollment fee and applicable taxes. Fees for the premium exercise studios vary. Exercise studios in the premium network are typically higher priced and may offer more specialty experiences or packages.

24. Q: Can members try out a gym before enrolling?

A: Yes, most gyms offer a free guest pass through the Active&Fit Direct program to make sure members find the gym or studio that's right for them. Members use the fitness center search, select a location, click the *Request a Guest Pass* button, then bring the letter with them to their selected location. Note that most, but not all, fitness centers offer a guest pass through the Active&Fit Direct program.

25. Q: Can members continue to use their existing gym or studio?

A: If their gym or studio is part of the Active&Fit Direct network, then yes, their gym or studio will allow them to cancel or suspend current memberships, so they may enroll in the Active&Fit Direct program at no penalty. If a member decides to cancel their Active&Fit Direct enrollment, and the original gym or studio membership was suspended (and not canceled), the member's original membership should be reinstated.

26. Q: How does a member nominate a fitness center to be included in the Active&Fit Direct network?

A: If a fitness center is not listed on the Active&Fit Direct website, a member can nominate a location by scrolling to the bottom of the search results, locating *Can't find your fitness center?*, and clicking *Nominate a Fitness Center*. The member will provide the name, address, and phone number of the location. The location will be contacted for possible addition to the Active&Fit Direct network.

27. Q: What if a member has a complaint against a fitness center?

A: Members can use *Contact Us* on the Active&Fit Direct website. We'll review the complaint and follow up accordingly—methods of follow-up may include inquiry letters, site visits, or secret shopper calls. We'll circle back with the member on their complaint.

WEBSITE FEATURES

28. Q: How do members find the added benefits, like on-demand workout videos?

A: Prior to enrolling, they can get started with 200 on-demand workouts at no cost! They just click *Join Now* from their home page to register and view these videos. Or they enroll to become a member and access all 10,800+ on-demand workout videos. Members select the *Workout Videos* tab at the top of the page for the workout videos.

29. Q: What is the Active&Fit Direct Connected!™ tool?

A: The Active&Fit Direct Connected! tool aggregates activity data from compatible wearable fitness devices and apps so that enrolled members can track their activity goals online. It can also track activity from connected exercise equipment.

30. Q: How does a member use a wearable fitness tracker or app to track activity?

A: Once a member enrolls, they'll follow these steps:

- Click *Connected!* on their dashboard.
- Click *Manage Apps/Devices* in the upper-right corner of the page.
- Review the list of approved devices and apps (hover over each image to see a full list of supported devices and apps from each manufacturer).

- Once completed, they will be redirected to their account and see a message that the connection is successful.

Purchase of a wearable tracker or app may be required and isn't reimbursable by the Active&Fit Direct program (though there are free apps that can track members' progress as well).

¹ Add a spouse/domestic partner to a primary membership for additional monthly fees. Spouses/domestic partners must be 18 years or older. Fees may vary based on fitness center selection.

² Plus an enrollment fee and applicable taxes for standard fitness facilities. Costs for premium exercise studios exceed \$28/mo. and an enrollment fee will apply for each premium location selected, plus applicable taxes. Fees vary based on premium fitness studios selected.
